Books

*DeMocker, Mary. 2018. *The Parents' Guide to Climate Revolution: 100 Ways to Build a Fossil-Free Future, Raise Empowered Kids, and Still Get a Good Night's Sleep*. Inspiring and fun to read. Whether or not you have kids, a top choice recommended by experts like Yale Climate Connections. If you read only one climate action book, we suggest this one.

Hawken, Paul. (Ed). 2017. *Drawdown*. Climate change blockbuster: detailed global analysis of 100 methods that can help us avert climate catastrophe. Lots of examples.

Wallace-Wells, David. 2019. *The Uninhabitable Earth: Life After Warming*. Deservedly a bestseller: extremely insightful, but also the ultimate in terrifying. Let's get moving.

Johnston, Nicholas, & Parzen. 2013. *The Guide to Greening Cities*. In-depth presentation of what has actually worked, written by the professionals who transformed Chicago, Vancouver, etc.
